# How do I add an assignment group in a course?

Using Assignment Groups allows you to organize the assignments in your course.
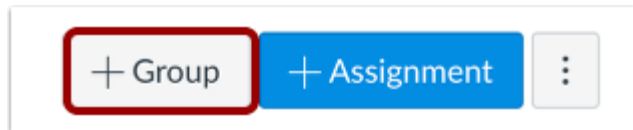

Open Assignments

In Course Navigation, click the **Assignments** link.

## Add Assignment Group

Click the **Add Group** button.

Create Assignment Group

Type the Assignment Group Name in the **Group Name** field [1]. If you want to [weight the final grade](#) for students using assignment groups, the percentage will appear in **% of total grade** field [2].

Note: You must create assignment groups before you can assign percentages to each group.

Save Assignment Group

Click the **Save** button.
